

Analysis & Redesigning of Watermills for Sustainable Development of Rural Areas of Uttarakhand

ACKNOWLEDGEMENT

Lack of energy It is with all gratitude that I submit my humble prayers to Almighty God and my Guruji without whose blessings nothing is possible.

With a deep sense of gratitude, I wish to express my thanks and regards to my research guide Dr S. J. Chopra, for his immense guidance in planning, executing and writing the work in time. His immense experience, knowledge and encouragement were the guiding source and I am sure this will be with me all along.

I take this opportunity to convey my heartfelt gratitude to Dr. Parag Diwan whose continuous encouragement, motivation and guidance cannot be expressed in words. He has always been the guiding light for me. My sincere thanks to Mrs Deepa Verma for her continuous encouragement all throughout this work and always. I would also like to pay my sincere thanks to Dr. Shrihari, Dr. D.N. Saraf and Dr B.P.Pandey for their valuable suggestions.

This work would not have been possible without selfless support of Mr A.K.Tyagi CPO UREDA from time to time. I wish to also thanks my colleagues Dr R.P. Badoni, Mr S.K.Pokhariyal, Mr D.K.Gupta, Dr Meenu Mishra, Amit, Naushad and my all other friends and well wishers for their continuous encouragement and motivation.

My special thanks to my parents and sisters for their encouragement and blessings. My wife Nitika and kids hold special mention for their strong support during field work, in the making of this thesis and all through.

Last but not the least I dedicate this work my late mother.
