Q 13	A Child knows what her best interest is and it is her own domain to decide what is good for her. In this background read the following paragraph and answer the questions that follow. Rat-hole mining is a process which involves digging very small tunnels , usually about 3-4 feet deep, in which workers, more often children, enter and extract coal. Meghalaya predominantly engages in rat-hole mining because of difficult terrain and nature of coal available in this region. Sarika, a child of 4 years enters these mines every day and helps her parents earn a living. Her parents love her and reward her each day with some good food. She does not go to school and the family is happy. Now answer the following questions: A. Explain the term best interest of the child and critically analyse the Convention on the Rights of the Child. B. What are Sarika's Rights under the convention and in India.	10 15	CO4
