SECTION-D (2Qx25M=50 Marks)			
		Marks	CO
Q 12	"Sustainable Development" as a balancing concept between ecology and development has been accepted as a part of the Customary International Law though its salient features have yet to be finalised. Critically analyse the above statement with reference to the decided cases.	25	CO3
Q. 13	A PIL was filed by an NGO, in the High Court, highlighting the mining activities which have denuded the Mussoorie Hills of trees and forest cover and accelerated soil erosion resulting in landslides and blockage of underground water. The court ordered for the closure of polluting quarries. On appeal to the Supreme Court, the quarry owners as well as the workers employed therein contend that, "closing down order' cannot be passed in view of their right to life U/A 21 of the Constitution of India. In the light of concept of sustainable development, elaborate the possible solutions in situations, where there is a direct conflict between development and environment protection.	25	CO3
