

**Analysis & Redesigning of Watermills for
Sustainable Development of Rural Areas of Uttarakhand**

LIST OF TABLES

Table No	Contents
2.1	Status of Village Electrification
2.2	Status as per Rajiv Gandhi Gramin Vikas Yojna
2.3	Electrical Consumption per Sector as on 2007-08
2.4	State Power supply positions.
2.5	Power Generation Scenario
2.6	Uttarakhand Tariffs by Consumer Category (Rs/kilowatt-hour)
2.7	Status of SHPs
2.8	Status of SHPs
2.9	Details of various Electrification Schemes
3.1	Result of Improved Water Mill
3.2	Result of Traditional Water Mill
3.3	Test Result of Cross flow turbine
3.4	Test Result of Axial flow turbine
3.5	Test Result of Pelton wheel turbine
3.6	Test Result of Improved turbine
4.1	Properties of material
4.2	Design values for Penstock Diameter
4.3	Design values for Wall thickness for different material
4.4	Design values for Diameter of Jet
4.5	Application of Standard Watermill
4.6	Turbine Design values for different site conditions
4.7	No of Blades required for different Head
4.8	Design values for Diameter of Shaft
4.9	Material used in Turbine
4.10	Design of bearing plate & Greasing arrangement
4.11	Specific Speed At Various Discharges And Head

Analysis & Redesigning of Watermills for Sustainable Development of Rural Areas of Uttarakhand

- 4.12 Impact of Head on Efficiency of turbine
- 4.13 Impact of blade angle on Efficiency
- 4.14 Comparison of Efficiency of Watermill
- 4.15 Efficiency calculation for Watermill
- 4.16 Comparison of Turbine Efficiency (7m Head)
- 4.17 Test Report on Existing Improved Watermill
- 4.18 Test Report on Our Improved Water Mill (Without Nozzle)
- 4.19 Test Report on Our Improved Water Mill (With Nozzle)
- 4.20 Comparison of Efficiency of Watermill
- 5.1 Different Head & Discharge Quantity for Generation of 5 kW
- 5.2 Survey Performa for domestic sector
- 5.3 Survey Performa for Institutional sector
- 5.4 Survey Performa for Agriculture sector
- 5.5 Survey Performa for Industry sector
- 5.6 Maintenance Check List and Schedule
- 5.7 Maintenance Check List and Schedule
