

ACKNOWLEDGEMENT

First and foremost, I want to express my sincere thanks and heartfelt gratitude to my internal guide Dr. Rajnish Garg, Professor, Mechanical Engineering Department, University of Petroleum and Energy Studies, Dehradun, India, for his valuable guidance, professional ideas and suggestions throughout the period of my research. His knowledge, vast experience in research and timely review of the research work has enabled me to complete my research work as per the plan.

I would like to thank my external guide Dr. R. Arulmani who has given me great ideas and support from the beginning and encouraged me at every stage of my research work.

I gratefully acknowledge and thank my internal Co-guide Dr. Mukesh Saxena for his encouragement and support to complete the research work in a planned manner.

I am very much thankful to University of Petroleum and Energy Studies (UPES), Dehradun for providing me an opportunity to carry out the research work at UPES. It has been a great pleasure to interact with UPES staff people at Bidholi campus. I would also like to sincerely thank and appreciate the exceptional team of experts,

the members of the Faculty Research Committee (FRC) for providing valuable ideas and suggestions during Synopsis presentation and Abstract presentation.

I wish to thank my brother Dr. P. Sathiya, who has encouraged me to pursue Ph.D. and provided moral support during all stages of my research work. I would also like to express my sincere thanks and appreciation to my friend Mr. Anup Kulkarni and Mr. Iyyappan who helped me during my research work.

I would like to thank my family for all their love and encouragement. It is my immense pleasure and gratitude to express my love and humbleness to my father (Late) R. Paulraj and my mother S. Dhanabagyam who brought me to this level with love and set of principles. I would not be in this position if they have not grown-up me correctly with their hard work and determination. I want to dedicate the whole work to my parents.

Lastly but not least, I would like to acknowledge and express thanks to my loving, supportive, and patient wife Latha Prabhu whose faithful support during the entire duration of this Ph.D. I have to appreciate my loving children Raveen Prabhu and Sharan Prabhu who adjusted themselves without disturbing me and supported my research work as required.

Finally, I would like to thank everyone who had helped me directly or indirectly to complete my research work in good order. Thank you.
