

## **List of Tables**

|   |     |
|---|-----|
| 1. Table 2.1 : Two different definitions of “Risk” in literature Rasool Mehdizadehn (2012) .....                        | 31  |
| 2. Table 2.2 : List of Categories for grouping various risk identified from research articles .....                     | 50  |
| 3. Table 2.3 : Various Estimating Techniques for Calculating Project Cost Contingency (Source : Baccarini D, 2006)..... | 56  |
| 4. Table 2.4 : Who is Stakeholder? A chronology (Source – Roland K. Mitchell, 1997) .....                               | 63  |
| 5. Table 2.5 : A list of definitions of ‘Stakeholders’. (Source – Littau,2010) ...                                      | 64  |
| 6. Table 5.1 : Summary of Responses received for Questionnaire # 1 .....  | 132 |
| 7. Table 5.2 : Summary of Cronbach's Alpha Results.....   | 134 |
| 8. Table 5.3 : Summary of KMO Results.....  | 135 |
| 9. Table 5.4 : Summary of Factor Analysis Output for Questionnaire # 1 .....  | 136 |
| 10. Table 5.5 : Summary of Responses received for Questionnaire # 2 .....   | 142 |
| 11. Table 6.1 : Summary of Categories Grouped based on Contract Bill of Quantities .....                                | 154 |
| 12. Table 6.2 : % Allocation of Value of Contract Bill of Quantities against Technical categories .....                 | 154 |
| 13. Table 6.3 : % project value allocation as received from the respondents.....  | 156 |
| 14. Table 6.4 : Overall % allocation of project value.....  | 157 |
| 15. Table 6.5 : Summary of Regression Analysis Output.....  | 159 |

|  |     |
|--|-----|
| 16. Table 6.6 : Contingency Estimation Model.....  | 167 |
| 17. Table 6.7 : Summary of Contingency Estimation Model Validation.....                      | 170 |
| 18. Table 7.1 : List of Significant Risk Variables obtained as Objective # 1<br>output ..... | 174 |
