

Acknowledgements

I would like to convey my sincere gratitude to my internal guide Dr. Inder Singh for his able guidance, endless patience, wise advice and support at each and every phase. I also convey my heartfelt thanks to Dr. Ajay Prasad for his practical wisdom, immense enthusiasm, for providing invaluable direction and whose positive attitude has kept me motivated throughout the PhD. Their guidance helped me at all times during the research and writing of the thesis. I would like to express my special appreciation and thanks to my external guide and advisor Professor Dr. V Sambasiva Rao - you has been a great adviser for me. I would like to thank you for your heartfelt encouragement, insightful suggestions and always being there for me, whenever in doubt. I could not have imagined having better advisors and mentors for my PhD study.

Besides my guides, I would also like to thank Dr. Manish Prateek, for guiding me in the preliminary stages. I also wish to thank the FRC abstract presentation committee for their insightful comments and the FRC committee which reviewed my synopsis - for bringing clarity to my vision. Sincere thanks to the Assistant Register and Dean for providing me an opportunity to pursue higher studies in this esteemed university.

Without the support, single minded dedication in supporting the scholars in completing the PhD and dynamism of Dr. Anjali Midha and Ms. Rakhi Ruhel - it would have been impossible to have made the thesis submission happen today. Their swift initiative in resolving all hurdles faced at every stage of the research and continuous encouragement has made my dream a reality.

A special thanks to my family. Words cannot express how grateful I am to my wife Ramalakshmi for all the sacrifices made on my behalf, and for being my support in the moments when there was no one to answer my queries. My son Vamsikrishna has been a pillar of support and his belief in me was what sustained me this far. I would also like to thank my well wishers who motivated me to strive towards my goal. A special word of thanks to my friends whom I could approach at all times for guidance, direction and encouragement.
